

Harmon Park Outfitted with Handicapped-Accessible Playground Equipment

Donation received from the Harmon Civic Trust in support of the project.

Harmon Park was recently outfitted with new handicapped-accessible playground equipment, and the installation of a new rubberized play surface around the equipment. This offering is the first of its kind in Lebanon, and is a great enhancement to the Parks System. The Harmon Park Playground area is the most heavily used playground in the City, and now is accessible to all members of the community.

The project was made possible through a generous donation from the Harmon Civic Trust, and funds raised by the Parks & Recreation from its Red Hot Blues Run, which is held annually on the first Saturday of August.

Annual Blues Run Raises Money for Local Parks

The Red Hot Blues Run was held in conjunction with the Lebanon Blues Festival.

This annual event is coordinated by the Parks and Recreation Board, and serves as a fundraiser to help improve the City's parks. The City recently installed new handicapped accessible playground equipment at Harmon Park with money raised from the event.

The Parks and Recreation Board would like to thank this year's event sponsors for their support of this year's event and the City's park system.

Thank You!
