The light was red, when it turned green the van pulled out. I was at the light behind the van. People started to cross. The van pulled out and hit the people. She ~~got out~~ stopped and got out right away.

I was stopped at a red light, going West at main st & mound St. I observed 2 ladies walking a dog from right to left. The light turned green and a black van on mound street ~~[illegible]~~ turning left onto main street hit both ladies. The younger lady was hit very hard & and popped up in the air into the hood of black van and slid off. She knocked the older lady and the dog over. I estimate that the speed of the van was around 10 mph but it was accelerating when it hit the ladies. Time of accident was 3:00 pm
